

KLASSIC KITCHENS

EST. 2006

KITCHEN DESIGNER

Klassic Kitchens requires a 3D Interior Kitchen Designer to join our team. We have designed and manufactured kitchens at the top end of the Irish market for over 10 years. We have a vacancy for an experienced Kitchen Designer to join our growing team. The candidate must have a luxury or higher / mid end kitchen retail background, have a passion for design and a proven track record in providing excellent customer service. The candidate will need to be able to use ARTICAD software to create three-dimensional plans, build lasting relationships with clients and take real pride in their work and the ability to work independently without supervision.

This role is detailed and the person must be accomplished in ARTICAD. The following skills are essential.

- A degree in Interior Design/architecture
- Experience based within a kitchen/ design company
- 5 years proven experience in ARTICAD -
Example of designs required
- Excellent communication skills
- Be well organised
- A strong negotiator
- Highly motivated self starter
- Ability to use your own initiative

Number of Positions 1

Contract Type Permanent

Experience Required: 5 Years Kitchen Design EXP
